IN THIS LESSON

You hold the clock

30 minutes

to read and discuss the text, in your groups, with the four roles running.

13 minutes

to write your response in your notebook. At least 70 words.

> **Put yourself under pressure. Reading quickly is important.**

You will see a timer on the screen. Start it when your group is ready to read.

READ AND DISCUSS

Now read

IN YOUR GROUPS — OUT LOUD

1. You manage this process: predict, read, summarise, clarify, question — then the next chunk.
2. Do the roles properly. That is what makes you a better reader.
3. Try to finish all four chunks inside the time.
